Burghill Community Academy

CAR PARK CODE

- Always ensure that emergency access is available from the gateway to the main building. LEAVE THE GATEWAY AND DRIVE CLEAR!

- Always enter and leave the car park SLOWLY. PUT YOUR MOBILE DOWN. No high speed reversing or fast departures.

- Park around the perimeter of the car park first, and then neatly fill in the spaces towards the entrance.

- Do not - arrive and park directly inside the gates for a quick getaway or abandon your car in the middle of the car park

- NEVER park outside the gates in the "NO PARKING" area.

- Always leave access for emergency and other vehicles to get through the carpark to the driveway.

- It is your responsibility to get the child/ren safely across the car park.   Do not let your child/ren run in the car park area.

If the carpark is full when you arrive, please find alternative parking. We will always hold onto your child/ren if you are a few minutes late due to parking issues.
